

**Stop traveling
on-site for support!**

Cosy
Industrial
Remote Access
Gateway

Thanks to our worldwide VPN infrastructure Machine Builders can troubleshoot machines remotely without going on-site, drastically reducing support costs, improving customer responsiveness, and increasing machine up-time.

The perfect choice for PLC Remote Access

Cosy 131

Machine Builders' favorite solution for Remote Access

EASIER THAN EASY

- Quick setup wizard
- Works out-of-the-box with all major PLC/HMI brands and USB enabled devices
- Machine (PLC) can be kept operational during installation
- Easy to commission without local connection

NO HIDDEN COSTS

- FREE VPN client for desktop & mobile
- Included VPN cloud access
- Unlimited number of machines & users

IT APPROVED

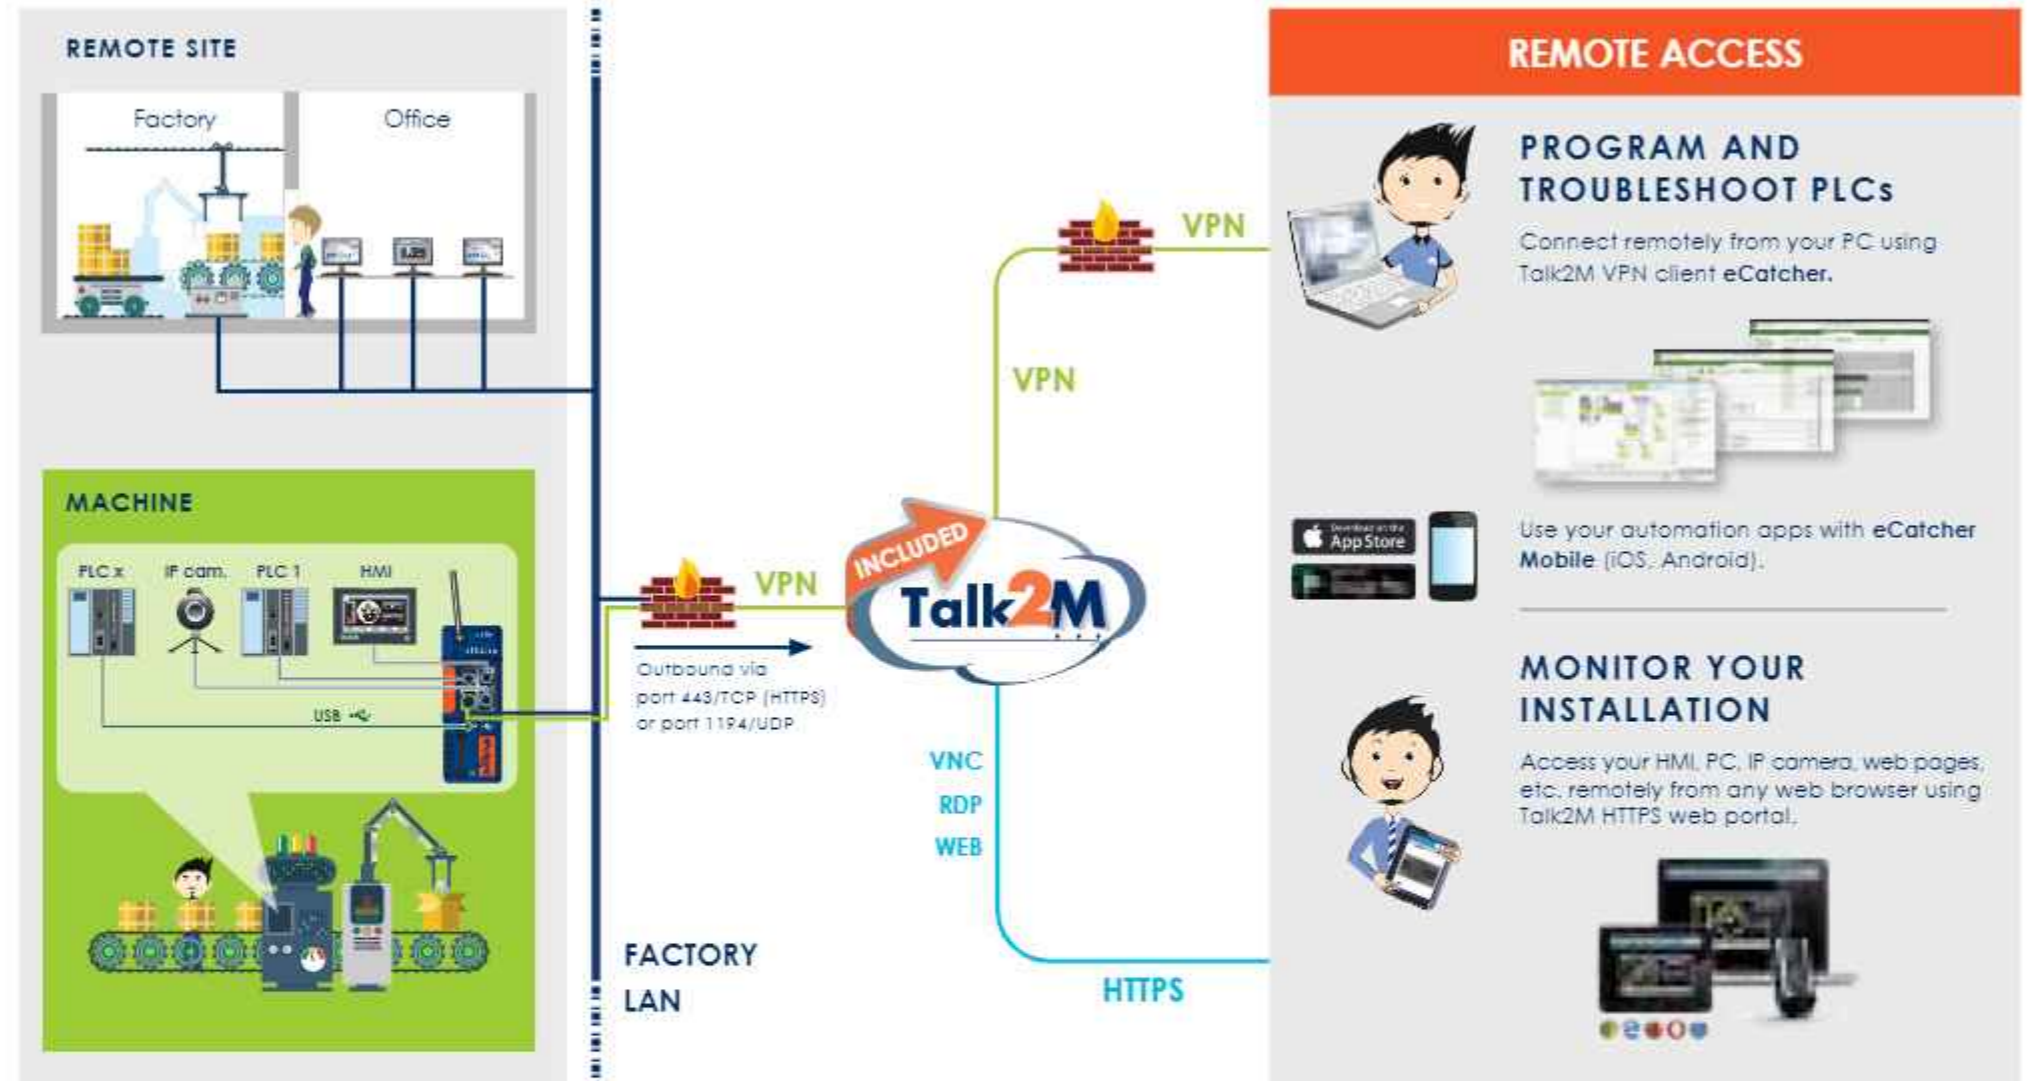

- Exclusive outbound connection for high security
- Two-factor authentication & connection audit trail
- Only devices connected to the LAN of the eWON Cosy can be accessed
- Remote access can be controlled (on/off) by end-user with an external key switch
- ISO27001 and STAR Certificate approved

SCALABLE

- As your business grows, eWON grows with you thanks to our global cloud infrastructure
- 25 servers spread worldwide to support your machines, wherever they are installed
- Easily add eWON Cosy devices and users to your account

HIGH AVAILABILITY

- Multiple WAN connectivity options
- Secondary WAN interface for Internet Connectivity
- Configurable SMS and Email notification for pro-active maintenance
- Redundant server architecture for always-ready Remote Access
- First rate monitoring – 24/7/365

Talk2M – The #1 secure industrial connectivity service

For almost two decades, Talk2M has offered a highly secure, reliable, and scalable solution for connecting to your machines all over the world.

For more detailed information: www.ewon.biz/talk2m

Proven with:

Layered security approach

Talk2M ensures high security using the "Layered security approach" also called "Defense in Depth Approach". This approach preserves information integrity and confidentiality along with information system availability and resiliency.

The security of eWON's solution is regularly audited by independent organizations and has obtained the ISECOM STAR and ISO 27001 certifications.

- Policy compliance
- Network infrastructure
- User and access management
- Traffic encryption
- Firewall
- eWON device

Cosy 131	Ethernet		WiFi		Cellular	
					3G	4G
						
Product Ref.	EC61330		EC6133C		EC6133D	EC6133G (EU) EC6133H (NA) EC6133F (APAC)
WAN connectivity	LAN		LAN & WiFi 802.11 b/g/n		LAN & HSPA+	LAN & LTE
Ethernet	4x 10/100Mb (Configurable LAN/WAN)					
USB	✓					
Input/Output	2x DI, 1x DO					
SD card reader	✓					
Power Supply	12-24 V DC +/-20%, LPS					
Temperature range	-25°C to +70°C					
Marking	CE, UL					
Warranty	36 months					
Mechanical, Standards & Directives	Download eWON Cosy 131 Datasheet from our website www.ewon.biz
